Van Extras is a Division of the FRS Group Inc.

A New Level of Mobility

Providing Freedom and Independence

No Maintenance – Peace of Mind

Not only is the rear ramp easy to use, but the wheelchair tie down system that comes standard with every RAV has been set up to make wheelchair securement very simple.

Van Extras gets you on the road in safety, easy and comfort with only a 4 - 5 week waiting period on new conversions.

A - Height Clearance entrance 56"
B - Height Clearance inside van where wheelchair sits 57"

A - Length of Pan 91"
B - Width of Pan 31"
C - Width of Pan when two mid bucket seats 28.5"

Elegance + Functionality = Van Extras RAV II

The rear ramp is manual, leaving no chance for electrical shortages, or untidy door cables to get tangled.

The operation of Van Extras' RAV is simple; simply grab the handle, pull out and lower the ramp. This is made easy with a spring tensioning system eliminating heavy ramps.

Revolutionizing The Way You Travel
